Testimonial Mr Mark Ruttner, FVG

I consulted with Mark Ruttner (FVG) to assist me with a purchase of an investment property in Melbourne. The service and personal attention I received was exceptional, and his knowledge of the local market, key contacts in the industry, and his expertise in valuing and evaluating properties helped me find an ideal investment unit. After going through various listings and explaining the pros and cons to each unit, he made sure I got the best deal, and more importantly, the best value purchase I could have made.

Whether you are buying, selling, or simply wishing to have a property correctly valued, I would highly recommend Mr Ruttner to assist in making any decision in terms of property investment. I could not have asked for a better person or company to guide me through the process.
