

Australian inducted as FIABCI World President

Robyn Waters was inducted as World President at the FIABCI World Congress, held in Luxembourg in May this year.

Robyn is the first woman and first Victorian to be elected to this notable international role at FIABCI, the International Real Estate Federation. She is one of only three Australians to have held the post, along with Woodrow Weight and John Greig.

REIV President, Neville Sanders congratulated Robyn on her appointment. "This is a momentous achievement for Robyn personally, but also for our industry, to which she has contributed enormously all her working life," he said.

Robyn has been a member of the FIABCI Australia Chapter for 37 years and has attended 24 FIABCI World Congresses.
